

## CAMDEN JUBILEE STREET BUNTING

*Colourful bunting always looks festive and fun – so how about hanging some on your windows, garden wall or gate to add another lovely Jubilee feel to our streets?*

*You could buy ready-made bunting, or how about making your own? Here are a few clips to inspire you, in case like us, you've never made it before. There are even no-sew options! (Great fabrics can be found locally – we got ours at Fashion Fabrics, Green St & The Sewing Studio, Charles St.) But beware, it can get addictive ...*
